

MAINTAIN

WEATHER PROTECTION COVER

Remove the cover before flight. Put on after use. Proper use of this cover will increase the lifetime of the upholstery. For permanent protection, use Ullman Cordura® cover

FRESH WATER RINSE

If the seats have been heavily exposed to salt water, rinse with fresh water. All parts are 100 % corrosion free. Put on cover when seat is dry.

FUNCTION CHECK (100h)

1. Check dampers for oil leakage
2. Jump on seat to try to bottom it out. Contact us if the seat bottoms or if there is leakage.
